Hair Straighteners

Get wow straight hair that feels like silk

Hair Straighteners

Why Philips Straighteners are the best choice for you!

ThermoProtect technology

ThermoProtect technology distributes heat evenly across the plates, preventing overheating to protect your hair.

Kerashine technology

Keratin-infused ceramic plates glide smoothly through your hair, for quick and easy styling & shinier hair.

Multiple Temperature Settings

Lower temperatures for last minute touch ups and gentle styling. Higher temperatures for long lasting results and for super curly hair.

SilkProtect technology

Enjoy style and care with the Philips SilkProtect technology providing silky smooth plates and less heat exposure.

Ionic Care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth, frizz-free hair with vibrant shine.

Titanium infusion

Ceramic plates infused with titanium allow for fast heat transfer and smooth gliding through the hair, ensuring beautiful styling performance.
