In this millennium, our story has continued to grow, touching more lives across the globe, and spreading our mission through Europe, Latin America, and Asia. We became a highly functional style statement for the new generation of youth that valued worldly experiences more than ever, and wherever they went, they took the American Tourister name with them!

Our products guarantee quality, style, and ease-of-use, while our esthetics are acclaimed by Red Dot awards, and all this still comes at affordable prices.

So be it with friends or family, for a voyage long or short, for an experience adventurous or tranquil, you'll find a colorful American Tourister companion, reflective of who you are, and excited to come along!

OUR STORY

The dream began in 1933 as a small luggage workshop.

Pretty soon though, it became a fast-growing business that offered travel lifestyle products across categories. Be it business cases, casual bags, backpacks or other travel accessories, the American Tourister mission became to give people all they needed when they set out to see or conquer the world.

In 60 years this mission touched so many lives, that by the time Samsonite acquired us in 1993, we were one of the oldest and best-known luggage brands in the United States! By then, we had made travel cooler and easier for the world, and thereafter we made Samsonite Corporation one of the top luggage brands in the world.
