Dear Customer ,

We are pleased to introduce ourselves as a leading manufacturer of Fans, Appliances, Lighting & Pump Products in India. For more than three decades, the “Crompton” brand has been synonymous with high quality fans, lighting, appliances & domestic pump.

It has manufacturing units in Goa, Vadodara, Ahmednagar and Baddi. Crompton products are available in nearly 150,000 retail points across the country. The performance of our product is second to none. It was the first company to cross sales of a million fans in 1989 and last year the sales crossed 10 million fans, probably the largest in the world. To meet the growing aspiration of younger generation, it is continually introducing smarter products like super-efficient LED bulbs, water heaters and patented tank designs made from Nano-tech based materials. Crompton pumps are the most preferred way to fill overhead water tanks in millions of homes.

Product Range:

1. **Fans:** Ceiling, Pedestal, Table, Wall and Light Duty Exhaust Fans, Industrial HD Exhaust Fans & Air circulators.

2. **Home Appliances:**

a) **Water Heater:** Storage Water Geysers, Instant Geysers, Immersion Rods.

b) **Small Kitchen Appliances:** Mixer Grinders, Wet Grinders, Food Processor, Juicers Mixer Grinder, Kettles and Induction Cooktop.

c) **Garment Care:** Dry Irons & Steam Irons.

d) **Air Coolers:** Personal, Tower & Desert Coolers.

3. **Lighting Solution:** a) Conventional Lamp & Consumer Luminaire; b) LED Lamp & Consumer Luminaire.

4. **Pumps:** a) Pumps for residential use b) Pumps for agricultural use.

We are approved suppliers of Institutional Bulk Buyers, Builders and Govt. Contractors, Educational Institutions. We also export our fans & pumps to Africa, Middle East, Sri Lanka, Bangladesh, Nepal, Afghanistan etc. We shall be grateful if you could also include us a one of your approved supplier. Assuring you of our best services and cooperation always.
