

GOBLIN[®]

we're about luggage

**CATALOGUE
2024- 25**

Having its inception in Ahmedabad, the urban heartland of Gujarat, Goblin has been a leading travel lifestyle brand. Today, Goblin profoundly crafts aesthetically designed luggage targeted to solve modern travel problems.

Goblin products, crafted in Ahmedabad, India, highlight a focus on quality, functionality, and elegant design. With extensive experience, we consistently provide outstanding cases for diverse journeys. Detailed design, careful material choices, and precise workmanship offer a variety of options for all destinations. Our dedication to seamless travel is reflected in our lightweight cases, particularly beneficial when door-to-door portage is unavailable. Be it airports, railway platforms, or various modes of transport, Goblin travel cases ensure confident and comfortable journeys. We prioritize quality by adhering to the latest standards in material selection and manufacturing processes. Stringent quality controls precede production, including testing each product in our labs and centers. Goblin products are crafted, manufactured, and thoroughly tested to withstand the demands of modern travel, passing a comprehensive strict quality controls.

Comprehensive Quality Check Update for Goblin India Ltd's Luggage Manufacturing Unit various tests:

Stitch Test:

Ensuring the durability and strength of each stitch to meet and exceed industry standards.

Stretching Test:

Evaluating the material's resilience and elasticity to withstand the rigors of travel.

SPI (Stitches Per Inch) Test:

Precision examination of stitches per inch to guarantee uniformity and enhance product longevity.

PU Bag Test Report:

Thorough analysis of Polyurethane bag properties, affirming adherence to quality benchmarks.

Automated Testings:

Implementation of cutting-edge automated testing processes for consistent and reliable quality assurance.

These measures exemplify our dedication to delivering superior luggage products that prioritize durability, functionality, and customer satisfaction. We remain committed to upholding the highest standards in the industry

 **CABIN APPROVED**

GOBLIN'S goal is to make products that our customers can rely on and enjoy. As such, we are committed to ensuring that we provide a range of products in a variety of cabin sizes matching current airline regulations to cater to the needs of travellers around the world, while also complying with airline industry requirements. We will always ensure to have a wide assortment of travel solutions for different needs, as soon as the market requires it.

 **SECURITY**

Security brings peace of mind and our locks brings security plus. Travel Sentry Approved locks mean faster screening for checked-in luggage, because authorized personnel can gain access without delay or damage. And at all other times, they give high level protection to your possessions.

 **WHEELS**

Cases with 4 wheels allow upright rolling in any direction for effortless travel. So say goodbye to the suitcase with a mind of its own. Many of our cases have true 4 wheel mobility, so they go where you go. Travel can already be a wearying experience, so why make it worse? Once you've tried a case that goes exactly where you want it to you'll wonder how you ever managed before.

 **MATERIAL**

We only use hi-tech quality 100% new and fresh materials, such as Polycarbonate, ABS, and Polypropylene for our hard shell cases. To maintain the hi-tech material performance all our hardshell PC, ABS and PP body materials undergo a one step vacuum pressing or injection molding process.
